### **Department Description**

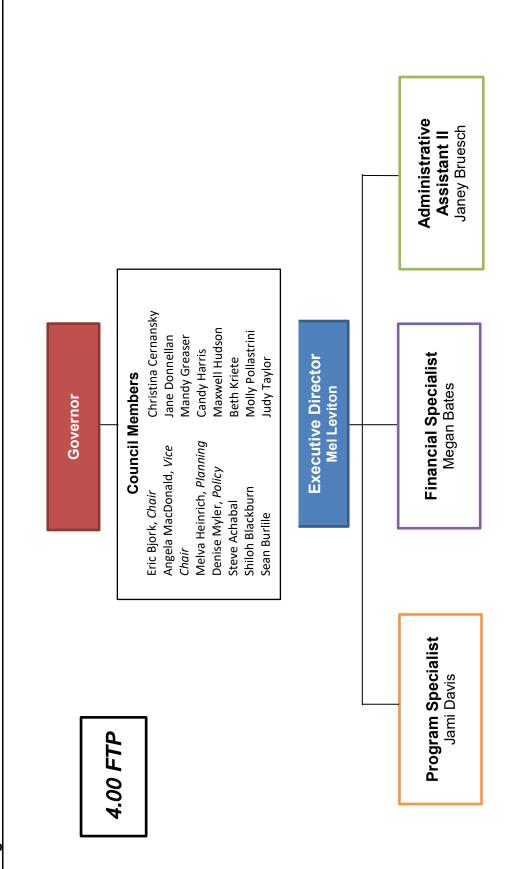

The Idaho State Independent Living Council (SILC) is actively engaged in activities that assist in providing Idahoans across disabilities and age a greater voice in obtaining services that are consumer-responsive, cost-effective, and community-based. SILC is a mandatory state agency if Idaho wishes to receive federal financial assistance under Title VII of the Federal Rehabilitation Act. As provided in Section 56-1201, Idaho Code, "[i]t is legislative intent that the Idaho State Independent Living Council operate and be recognized not as a state agency or department, but as a governmental entity whose creation has been authorized by the state, much in the same manner as other single purpose districts."

The duties of SILC are directed in Title VII of the Rehabilitation Act of 1973, as amended in 2014 to include: working in cooperation with the Centers for Independent Living (CILs); developing, submitting, monitoring, and evaluating the State Plan for Independent Living (SPIL) for people with disabilities; supporting local services and advocating for independent living services provided through state and federal programming; gathering and disseminating information; conducting training; and pursuing a public policy agenda that results in positive systemic change for people with disabilities.

The council is made up of no fewer than 51% of individuals with disabilities, who do not work for a state agency or a CIL, from across the state. The SILC was created in response to the federal Rehabilitation Act Amendments of 1992 to carry out the powers and duties set forth in 29 U.S.C. 796(d) and 34 CFR 364.21. SILC became an autonomous governmental entity in 2004 and is committed to additional duties under Section 56-1204, Idaho Code. These additional duties include: assess the need for services for Idahoans with disabilities and advocate with decision makers; supervise staff necessary to carry out the council's functions; ensure open meeting laws are followed; prepare reports; and promulgate rules as may be necessary, in compliance with Chapter 52, Title 67, Idaho Code.

# **Agency Profile**

**Organizational Chart** 

localized emergency concerns, such as wildfires. State, local and federal partners continue to participate in meetings that are largely made up of people with disabilities and their family members. The IIEC is solution oriented, drafting plain language documents for our communities and influencing program managers as we work together to remove barriers during the current health emergency and localized emergency situations.

The SILC coordinated the Idaho Youth Leadership Forum (IDYLF) in which youth leaders with disabilities from across Idaho travel to Boise for six days of leadership training that includes: disability history, civics, educational/training/career exploration and more. We had 12 delegates participate in July of SFY 2020. Delegates for 2018, 2019 and 2020 were primarily from rural to very rural parts of Idaho. The Idaho SILC staff collaborated closely with our partners from the CILs, the Idaho Department of Labor, the Idaho Division of Vocational Rehabilitation and other community organizations. The second 2020 YLF was cancelled for June 2020 due to the Coronavirus health emergency. Due to a reduction in SILC resources and changes made in the 2021-23 SPIL, the CILs will be focusing on local youth programs with potential regional YLF programs in the coming years. The SILC will no longer coordinate IDYLF events.

### Part II - Performance Measures

	Performance Measure		FY 2017	FY 2018	FY 2019	FY 2020	FY 2021

### **Performance Measure Explanatory Notes**

### Performance Measure 1:

Performance measure #1 is a combined process of information gathering methods for the statewide needs assessment, used in the development of the Idaho State Plan for Independent Living (SPIL) as well as the SILC's annual strategic plan. Due to unforeseen implementation issues at the federal level, ACL required all SILCs to extend their FFY2017-19 SPIL for one year for FFY2020 SPIL. The Idaho SILC had already expended significant resources to complete the statewide assessment September – October 2018; thus, like many other states opted to also amend the 2020 SPIL with substantial and material changes. The 2020 amended, extension was approved with additional amendments mid-year to address the needs of the Coronavirus health emergency.

The 2021-23 SPIL was submitted in June 2020 and is awaiting ACL approval.

The assessment (conducted every three-years and reviewed quarterly) is required by Federal and State mandates. The SILC meets at least quarterly to review, monitor and potentially revise the SPIL as needs warrant.

### Performance Measure 3:

The SILC administered the contract from which funds pass through from the Medicaid – Money Follows the Person program to the Centers for Independent Living for the completion of Quality of Life Surveys. Participants are surveyed prior to community transition, 11 months after the first survey and again 24 months from the date of the first survey. The numbers provided in the performance measure indicate people who successfully transitioned from institutions to the community during the SFY. Quality of Life Surveys completed through the CILs were completed by September 30, 2016 with 3 transitions back to the community. The contract ended 09/30/2016. The program was successful, transitioning to a sustainable Medicaid fee for service activity in January 2017. Performance measure 3 was replaced by performance measure 4 in 2017. Performance measure 3 will drop off the 2021.

### Performance Measure 4:

Statewide activities include: Recruit, retain and mentor 1-2 young adults as Gubernatorial appointed SILC members, recruit and support Youth Advisory Council (YAC) members (up to 12),
